# Feedback Form

The feedback you give us is helping to determine if the design is progressing in a manner you support. Feedback will be collected and detailed in a Statement of Community Involvement that will accompany the 'reserved matters' (detail design) planning application. All information you give us is confidential and will only be used under the strict control of the Data Protection Act 1998. The information you provide on this feedback form will be entered into a database and used solely in relation to the project.

Please tick here if you do not want the information you provide to be used.

02 | The proposal is to divide building 21 into two buildings. Although this departs from the parameter plans approved as part of the outline planning consent, the architects consider this to offer better overall proportions for the building given it's context and location within the masterplan. They also point out that the new layout will create a more active street and will offer better permeability to the site. What is your opinion of this approach?
